Census Forms will arrive in your mailbox in March – MAIL IT IN!!

EVERYBODY must complete the Census form – the form asks only 10 questions and has space for up to 12 persons in your home. Everyone living in your home – whether a baby, a grandparent, non-citizen, or visitor – should be listed on the form. Everyone should **mail their form back by April 1st**, otherwise, a Census worker will come to your home!

If you did not receive or need help completing the form, contact The Center for Pan Asian Community Services at **770.936.0969** and ask for Alice. We will be able to help you in English, Korean, Vietnamese and Chinese (by appointment).

One of the easiest ways to give back to your community is to participate in the Census. The Census count will give our community respect, influence, jobs, and better health and education for our children.

The Census is confidential and does not ask for your SS#, bank / credit card information, or drivers license number.
